

REMARKS

Reconsideration of this application is respectfully requested.

Claim 7, which was indicated as being allowable, has been rewritten in independent form as claim 9. Claims 10 through 15 depend from claim 9. Therefore, it is believed that these claims are in condition for allowance.

In rewriting claim 7 as claim 9, the terminology "longitudinal central axis" was deleted from line 7 of claim 1 and the term - - center - - inserted thereat in accordance with the Examiner's helpful suggestion. It is believed that the informality in claim 1 has been cured in rewriting claim 7 as claim 9.

In view of the foregoing remarks, it is believed that the claims in this application clearly and patentably define over the prior art. Therefore, it is respectfully requested that the claims be allowed and this application passed to issue. If for any reason the Examiner believes that a telephone conference would expedite the prosecution of this application, it is respectfully requested that the Examiner call applicant's attorneys in Cleveland, Ohio at 621-2234, area code 216. Please charge any deficiency in the fees for this application to our Deposit Account No. 20-0090.

Respectfully submitted,

Calvin G. Covell
